

## **DIRECTIONS TO THE GUNDALOW DOCK**

The Gundalow Company is at the Prescott Park dock closest to the old Sheafe Warehouse on Water Street (dead end, no parking).

### **Driving Directions:**

From Concord, NH area, take Rt 4 East to Portsmouth Traffic Circle, then I-95 N to Exit 7

From North of Portsmouth, take I-95 South to Exit 7

From South of Portsmouth, take I-95 North to Exit 7

### **From Exit 7:**

- At the end of the ramp, head south toward the center of Portsmouth: left if coming from the north, right if coming from the south.
- Proceed approximately one mile, through one traffic light, to a yellow blinking light. At this blinking light veer to the right onto Russell St.(by the Sheraton). At the stop sign at the end of Russell Street, turn right.
- At the next intersection, make a left turn onto Maplewood Ave. Stay in the left lane and go through 2 sets of lights. At the third set of lights take a left onto State Street.
- Get into the right-hand lane on State Street. Go through 2 sets of lights and continue to the stop sign where State St. intersects with Marcy St.
- Take a right onto Marcy St. - Prescott Park is on your left hand side.
- For parking, continue past the park and turn left on to Mechanic St. and cross the bridge to Peirce Island. The first lot on the left is just for the fishing fleet, the lot on the right is just for the boat launch . . . anything beyond that is fair game.

**GPS:** 105 Marcy Street, Portsmouth, NH 03801

## **PORTSMOUTH PARKING DIRECTIONS:**

Much of the on-street parking in Portsmouth is metered and limited to two hours. Here are several possible options:

**1.**The Public Parking Garage on Hanover Street in downtown Portsmouth. Parking fee is .75 per hour. From there you'll have a walk of about one half mile, travelling over Market Street, Bow Street, and Chapel Street, turn left at the intersection of Chapel and State Streets. Use the pedestrian crossing markings to the other side of State Street, head toward the river and turn right on Marcy Street. Pass the Gundalow office and continue on to Water Street on your left. Walk down Water Street to the river's edge where you'll see the gundalow at dock.

**2.**Proceed to Prescott Park, on the river side of Marcy Street. If you use a GPS and plug in the coordinates you'll easily arrive at the Park. Just past the large flagpole turn left onto Mechanic Street. Drive over the bridge to Pierce Island; proceed past the commercial fishing dock (no public parking). Continuing on you'll see a parking lot for "Four Tree Island". Further along on your left there is perpendicular parking. Your walk back to the park and dock site should take between 10 and 15 minutes.

**3.** Metered parking -\$1 per hour, strictly monitored time limits. On a one- hour meter, the overtime for the first hour is \$10, the second hour is \$20 and the third hour is \$10.

There is limited handicap parking in the area.
